COMMENTS:

This bill would amend the Vehicle Code to provide that if an applicant for a driver's license or identification card does not possess a social security number (SSN), the Department of Motor Vehicle (DMV) shall require a taxpayer identification number or other identifier determined to be appropriate. This bill would not allow the DMV to disclose an SSN or any other information collected pursuant to this section, except as specifically required by federal or state law.

This bill would make other changes to the Vehicle Code. This analysis will address the bill only as it impacts the Franchise Tax Board (FTB).

The June 21, 2000, amendment added language that would provide that an individual without an SSN or that is in the process of obtaining lawful immigration status could obtain a driver's license or identification card, with a duration of three years.

The June 21, 2000, amendment also deleted the repeal of a section relating to driver's licenses or identification cards for deported aliens. This section does not impact the department.

The June 21, 2000, amendment did not impact the department's prior analysis of the bill. The department's analysis of AB 1463 as amended June 13, 2000, still applies.
